

S1 pressroom solutions

PRODUCT BROCHURE

Discover the difference Fujifilm can make to your print process.

A total solutions provider

Reduced production cost

Optimised productivity

Excellent print quality

Reduced environmental footprint

Do you want to go the green way?

Of course you do! In today's printing market, productivity and cost efficiency are key factors for successful printing houses. At the same time reducing the environmental impact is essential for the whole industry. Driven by regulations and legislations, you as a printer, have to look after much more than just your daily print job. Fujifilm, being one of the leading solution providers in the graphics industry, can support you with an unparalleled experience in environmental topics and eco-friendly products. For this purpose we have developed an S1 series, or Safety First products both for the environment as for the print operator. Without compromising on the performance of the products within the whole offset process.

Find out about environmental solutions in founts, washes and auxiliaries.

FOUNTS		
COLDSET		
ACEDIN WEB 1542 S1	Fast start-up, stable ink water balance	Safety label free, VOC level below 0,1 %
ACEDIN WEB 2900 Q7	pH neutral, fast start-up, low water settings	Fast drying, reduced build up and therefore minimised need to wash the blanket
ACEDIN WEB 2100	Extreme fast start-up, low water settings, suited for printing half web	Results in low ink settings
HEATSET		
ACEDIN HEAT 6400	Suited for FUJIFILM PRO-V and unbaked plates	IPA-free printing, VOC free product
ACEDIN HEAT 6200	Reduced ink-feedback and minimised blanket piling	IPA-free printing
ACEDIN HEAT 6200 H	Strong buffer capacity, suited for hard water quality	IPA-free printing
ACEDIN HEAT 6300 H	Reduced blanket piling and strong buffer capacity	IPA-free printing
SHEET-FED		
ACEDIN PLANO 4104 ECODRY	Fast start-up, reduced ink feedback, stable ink-water balance	IPA-free printing, cobalt free drying additive
ACEDIN PLANO 4600 S1	Fast start-up, strong buffer, stable ink-water balance	Safety label free
WASHES		
COLDSET + SHEET-FED		
ROTOWASH 100-1900	Flashpoint 100°C, fast and stable emulsion with water, excellent cleaning power	VOC level below 0,1%
ROTOWASH 100-5104	Flashpoint 100°C, fast separating emulsion with water, excellent cleaning power	VOC level below 0,1%, for filtration
ROTOWASH 100-1000 ME	Microemulsion with excellent cleaning power	NON-VOC
HEATSET		
ROTOWASH BIO-125	Outstanding cleaning capacity	VOC level below 0,1 %, very low consumption, high dryer safety
AUXILIARIES		
MULTICLEAN 2010	Multipurpose cleaner with excellent cleaning power	Solvent free
PRO RUN	Drastically reduced piling and increase run length	Reduced paper waste, Safety label free, VOC-free
WATER MINERAL S1	Rehardener for optimum water conditions	Safety label free
SYSTEMCLEANER 1397	Fountain circulation system cleaner	Reduced waste due to low foam and optimised pH level
WATER LEVELLER 2005	Protective additive for water used in automatic washing devices	Reduced restart waste, improved cleaning power
